

Smaller Class Sizes Reporting Template

Notes:

Average Class Size: For each grade level, include both regular and blended classes in calculating the average class size. Blended classes should be calculated in the average for their lowest grade. For example, for Grade 1, if you have 1 regular class and 1 blended class (mix of Grade 1 and Grade 2 students), include both as Grade 1 classes while calculating the average. Do not include the Grade 2 students in that blended class again while calculating the average class size for Grade 2 (no double counting).

Division:	Average Class Size									Remarks on how larger classes are supported (average class size above 20 for K-3 and 25 for grades 4-8)
School	Kindergarten	Grade 1	Grade 2	Grade 3	Grade 4	Grade 5	Grade 6	Grade 7	Grade 8	
Alonsa School	14			13		21		14		
Glenella School	8		11			9		11		
Grass River Colony School	4					3				
Ecole Laurier	5	7			10		6			
McCreary School	11	7	12	18		16	12	30		-1 FTE EA assignnd to that class room, some class are held separate
Parkview Colony School	13					10				
Ste. Rose School	19	14	15	14	18	18	14	17	19	
Divisional average	10.571429	9.3333	12.667	15	14	12.833	10.667	18	19
