

JUNE NEWSLETTER

	2025	
--	------	--

Principal's Message:

Well June certainly snuck up on us. The end of the school year is always a busy and exciting time for staff and students. The June calendar is filled with field trips, track meets, activity days, high school exams, graduation, and awards day.

There are a couple changes for the staff and grade configurations for next year. Mrs. Pilatic will be going on maternity leave. We would like to wish her and her family all the best. Ms. Jessica Withers will be teaching grade 2/3 next year. Welcome Ms. Withers. Ms. Kreutzer will be teaching Grade 4/5/6 next year.

Just a reminder that Grade 11/12 exams are June 16th and 17th and Grade 9/10 exams are June 18th and June 19th. The grade 9/10's have regular classes on June 16th and 17th.

The last day for grade 7/8 shops is June 20th.

The graduation ceremony will be held in the gym on June 20th at 5:00. We invite everyone to attend and help us celebrate the graduates of 2025.

Awards Day is June 26th at 1:00 in the gym. Everyone is welcome to attend.

I hope everyone has a safe and relaxing summer.

See you in September.

Mrs. Frohwerk

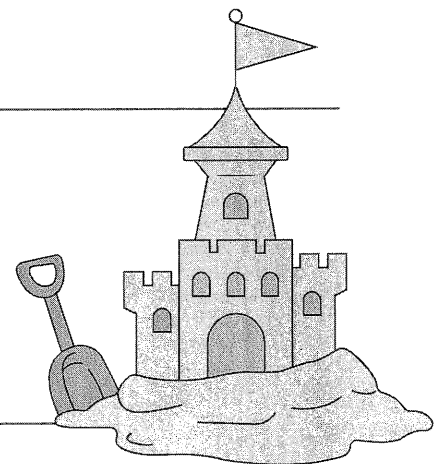

Upcoming Events:

June 10 - Grade 9-12 Field Trip

June 13 - Grade 7 / 8 Track and Field in Neepawa

June 17 - K-6 Field Trip

June 26 - Lunch on the Lawn, Awards Day, Last Day of School

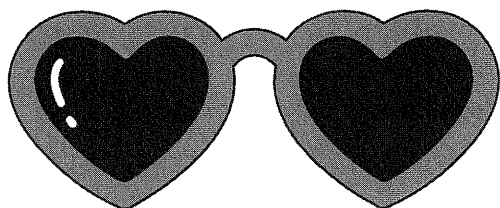

WHAT'S HAPPENING!

Kindergarten & Grade 1

May has been another busy month in our class. We welcomed Ms. Rosling, who is a student teacher attending Brandon University. She had so many fun activities for us, and we will miss having her for the rest of the school year.

In ELA we have been doing some reader's theatre to focus on improving our reading fluency. In math Ms. Rosling has been teaching us about shapes. Science has been a lot of fun experiences centred around our senses. Our play area was a campground for much of May, and we got to spend a week outside learning and enjoying Wheelie Week for playtime. During this time, we also got to tour HK Lumber and the post office and go for ice cream after our bike tour around town! A big thank you to Mrs. Henton at the lumber yard and Mrs. Beck at the post office for your time!!

We are looking forward to spending more time outside in June!

Grade 2/3/4

It's hard to believe the school year is almost over! We've had such a fun year full of learning, laughter, and growth in our classroom.

This month in math, we finished our unit on telling time. The students worked hard and did a great job! We are now almost done learning about 2D and 3D shapes. It's been fun exploring the world of shapes all around us!

In ELA we wrapped up our last poetry unit. Everyone did a fantastic job writing creative poems about their interests or favorite characters. We are hoping to finish Harry Potter for our novel study before the end of the year.

In social studies, we've been learning all about Manitoba! The students are creating brochures to show what they've learned about our beautiful province. Even though they already knew a lot, they still discovered some new and interesting facts. They also had fun using maps to find towns, cities, lakes, and provincial parks.

To get ready for summer, we've creating summer-themed art.

Mrs. Pilatic

WHAT'S HAPPENING!

Grade 5/6

wow May flew by and it's hard to believe there's only a few weeks left before the end of the school year. We've been working hard to get everything wrapped up. In ELA we have been working through the world of figurative language. We learned about all of the different kinds of figurative language and used it to create our very own comic strips. These were a really fun way to get creative and writing some fun stories. Our next figurative language mountain is the world of poetry. We have been reading and creating our own poems to make our own poetry books.

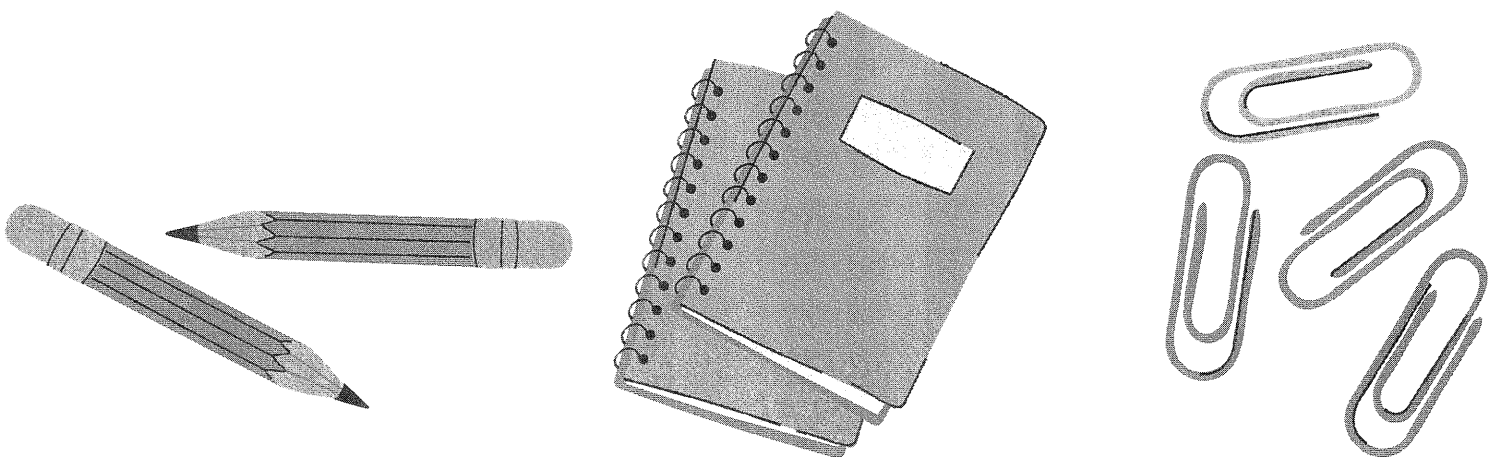

n Math we worked through shapes and angles and are finishing the year off with data and graphing. Our protractors are tired, time to get out the graph paper!

In Social Studies we learned all about the fur trade and the life of the voyageur. We spent a lot of time building and creating our own trading posts with Minecraft and making brochures for important trading posts in Canada's history.

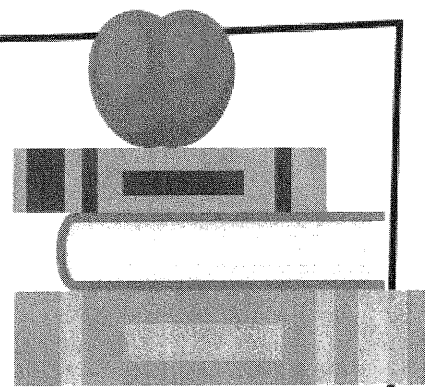

We are now into our final unit on the weather.

For Art we have been creating all of the summery art, including a great project on how to draw bees and use oil pastels to use gradients to create 3D looking honeycombs.

I hope everyone has a great summer and I'll see you all in the fall once again!

A NOTE FROM THE TEACHER (AND STUDENTS):

The end is near...June has arrived!

I enjoyed the Turtle Derby at the end of May in Ste. Rose. Most of the kids placed in their events.

We are super excited for June and the end of school. June will go by quickly because of all our fun events.

A note from one of our students: "You should let your kids have a nap everyday after school and minimal chores as the end of the school year is approaching." Real.

Erm...the boys are still aura farming.

Mrs. Sacharko and the 7/ 8 class

UPCOMING EVENTS:

June 13: Interdivisional Track meet in Neepawa

June 18: Field Trip to Brandon

June 20: Grad Day

June 23: Happy Birthday Maddison!

June 23: Slow Pitch @ McCreary

June 26: Last Day of School/ Awards at 1pm

Congratulations to our May winner, Natalia Petrowski! If you are reading this, email Mrs. Sacharko with the subject "June newsletter" and your name in the body for a chance to win a \$20 Tim card. Draw will be June 24!

OUR LEARNING SNAPSHOT:

MATH:

- 7's: Geometry and Measurement
- 8's: Volume

SCIENCE:

- Interactions Within Ecosystems

SOCIAL STUDIES:

- Ways of Life in Asia, Africa, or Australasia

FRENCH:

- Les Besoins Humains Fondamentaux

9/10 CAREER DEVELOPMENT:

- Career and Community Experiences

REMINDERS:

We need to be sure to be on task during class time to make the best use of our time.

Also coming to class prepared will help us use our time wisely!

With Miss Barclay

Another spring has come, and almost gone, and here we are again in our last newsletter of the school year. As our students begin to get ready for summer adventures and start to look back on all of the things they have accomplished this year a quiet hum of excitement quickly fills the air. As always, our students have put their creativity to good use and have approached their learning in new and engaging ways this year.

In Art, our Grade 7/8 students spent the last part of spring inspired by the great outdoors as reflected in their creative thinking processes demonstrated in their art journals. Students also spent time utilizing cross-curricular skills to apply colour theory with their hands on use of geometry kits to create geometric flower art.

May was also spent learning about spring traditions in other parts of Canada and creating May baskets, a common spring tradition in pockets of the East Coast, during the month of May as a connection to the bygone May Day festivals of old. Our final weeks together in Art will see students exploring the designs and purposes of masks in various cultures from around the world before getting their hands dirty and making their own paper-mache masks to paint and take home.

Meanwhile, in our high school classes, students in Grades 9 and 10 have been busy lately showing off their creative writing skills. Beyond practicing and reviewing skills in preparation for exams, which are just around the corner, students finished their analysis of poetry and literary devices with a bang! Since then our classroom has been as busy as a hive full of bees as students have spent time flexing their creative writing muscles to develop adventurous and engaging texts to repurpose and adapt into children's storybooks.

Many classes, like Grade 7/8 ELA and Grade 9/10 Digital Pictures, have been busy this spring with a multitude of different activities and projects. It's hard to put into words all of the interesting ideas and questions that pop up and lead us into rabbit holes of discovery when engaging in student-led learning opportunities. Please continue to nurture your student's creativity and inquisitive nature as it is constantly leading them to new discoveries and interests.

Lastly, our Grade 11/12 students in Canadian History have been running a gauntlet of information overload as they wrap up their studies of the 20th century and begin to focus on modern times again. Students spent a good chunk of their spring learning about the events, tragedies, and historical moments that led to Canada becoming a sovereign nation in the years 1867-1931. Just like Canada as a young, independent, and brave young country stepped out onto the world stage as an individual, separate from Britain and the Commonwealth, so do our seniors begin to prepare for their own debut in the world by walking across the stage as high school graduates!

Meanwhile, as the rest of us begin to plan for our next year in high school we are reminded that the fall will be here sooner than it seems. Until then though, I know that no matter which direction our students go an unforgettable summer lies ahead of them! Stay safe, have fun, make memories, and enjoy summer vacation!
Miss. Barclay

The Eagle Screech

May and June have been real busy so let's get right to it.

The senior track and field team travelled to Brandon at the beginning of the month to compete in the Westman Track Meet. It was a cool, sunny, sometimes windy day and it showed on the faces of all the athletes the following day. There were no top 10 finishes but it was good for the athletes to get out and shake off the rust in competition. The team travelled to Dauphin to compete in Zones on May 21st for a surprising nice day of competition. Competition was fierce this year at zones, with most events seeing close to double the entries, and a group of strong athletes riding the coattails of Manitoba Summer Games last summer. Emma Tait placed 2nd in the 800m shaving off 10 seconds from her time in Brandon. Tory Beck placed 2nd in Javelin in what was his first time competing in javelin. Emma and Tory will both get to compete at Provincials in Winnipeg on June 5th to 7th.

The turtle derby took place May 27th and 28th here are our athletes that reached the podium:

Leah – 1st in High Jump & 300m

Chase - 1st in 80m & 300m, 2nd in 100m, 3rd in Bocce

Tyson – 3rd in 600m

Brooke – 1st in Long Jump

Huck - 1st in Long Jump, 100m, 400m & 800m

Nikah – 1st in 1200m & Triple Jump, 3rd in Discus

Kayley – 1st in Kick Punt Pass, 2nd in Bocce & Triple Jump

Silas – 2nd in Shotput, 3rd in Discus

Natalie – 1st in Triple Jump, 2nd in 100m

Sierra – 3rd in Bocce

Maddison – 1st in High Jump 2nd in Triple Jump

Good Luck to all the grade 7 & 8s who will be competing at the interdivisional meet in Neepawa on June 13th!
